To Whom It May Concern:

GUTTER and CONSERVATORY CLEANING SERVICES

I telephoned Mr Baron after receipt of his trade card through my letter box. He came the next day and gave me an acceptable quote for cleaning out my gutters which were in quite a bad way and even had large weeds growing out of them in places.

He carried out the work a few days later and I was delighted with the results. He even washed down the outsides and the fascias. He left no mess behind and I feel that the gutters are cleaner now than they have ever been during my 27 years here.

He is a very pleasant man to have around - polite and efficient. I shall have no hesitation in asking him to come again and have every intention of doing so.

R J BENNETT
